

# Standards of Quality for Family Strengthening and Support Certification Training

**Join New Hampshire Children's Trust for the Standards of Quality for Family Strengthening and Support Certification Training!**

**The nationally adopted Standards of Quality for Family Strengthening and Support are used across the country by public departments, foundations, networks, community-based organizations, and families as a tool for planning, providing, and assessing quality practice. These standards are based on the Principles of Family Support Practice and the Strengthening Families Framework and its research-based, evidence-informed 5 Protective Factors. The Standards have created a common language across different kinds of Family Strengthening and Support programs. Participants qualify for certification by the National Family Support Network.**

## Training Details

Trainings are held over two (2) days. Participants must attend both days to be certified.

- January 29-January 30
- March 26-March 27
- May 21-May 22

\*All trainings will be offered virtually

8:30 AM - 3:00 PM

Participants only need to register for one two (2) day event

*Priority registration is given to Family Resource Centers and their support staff. This training is offered at no cost to employees of Family Resource Centers and members of the Wellness and Primary Prevention Council (WPPC).*

*Registration is available for other registrants at a cost of \$125 per person.*
