

ASPIRATIONS FOR CHILDREN AND FAMILIES

STRONG FAMILIES

Families' access to coordinated array of family-centered resources, services, and supports

Families' social connections, peer support, inclusion in community

Family health and well-being

Parents and children's access to education

Family housing stability

Family financial stability

RESILIENT COMMUNITIES = COMPREHENSIVE PRIMARY PREVENTION ECOSYSTEM

SHARED VALUE FOR PREVENTION

Mindsets advocate for cross-sector solutions that support positive childhoods for all children

Formal goals advance primary prevention for all children and families with accountability

PREVENTION STRUCTURES

Decision-making engages families* and uses evidence, rapid feedback, and an equity approach

Policies and practices are designed and implemented to support positive childhoods for all children

Connections enable diverse partners to share information, resources, and to collaborate

PREVENTION RESOURCES

Leaders and staff are diverse and have the capacity and wellbeing to support positive childhoods for all children

Family supports, opportunities, and environments are accessible to and meeting the needs of all families

NEW HAMPSHIRE CHILDREN'S TRUST STRATEGIES

Implement effective programs that support child and family well-being

Advance cross-sector collaboration, family engagement, and parent voice in the prevention of child abuse and neglect

Strengthen and build organizational excellence to promote prevention and systems change

Increase public awareness and education to promote the prevention of child abuse and neglect

Serve as advocates and thought leaders to increase resources and supports for child and family wellbeing

NEW HAMPSHIRE CHILDREN'S TRUST VALUES, BELIEFS, AND APPROACHES

*Families can include biological, foster, adoptive and stepparents, grandparents and other caregiving kin, legal and informal guardians, and children and youth.
